

REDEYE EXCLUSIVE TRUCKING LLC

Insurance Requirements (Explain)

To rent a truck from Red Eye Exclusive Trucking LLC, your insurance must provide the following three items.

1. ACORD Certificate of Insurance (COI)

This is the official proof that your commercial insurance is active.

Your certificate must show:

- Commercial Auto Liability coverage
- Physical Damage coverage
- Policy number and active dates
- Must come directly from your insurance company

2. Additional Insured (AI)

This adds Red Eye Exclusive Trucking LLC to your policy for liability protection.

If the renter causes an accident:

→ Your insurance also protects our company.

This prevents Red Eye Exclusive from being sued for incidents caused during rental use.

3. Loss Payee (LP)

This protects the truck itself.

If the truck is damaged, totaled, or stolen:

→ The insurance company pays Red Eye Exclusive Trucking LLC directly.

This ensures proper repair or replacement of the vehicle.

Why All 3 Are Required

ACORD Certificate – proves insurance is active

Additional Insured – protects us legally

Loss Payee – protects our truck financially

This is the same system used by all major truck rental companies.
